

8TH DATE

MAY 7TH, 2025 | 2:00-3:00 pm CEST

UNDERSTANDING THE DYNAMICS OF TRIGGERS AND PRODROMES IN HEREDITARY ANGIOEDEMA

This 8th ACARE LevelUp webinar is designed to enable participants to:

1. understand the potential triggers for flare-ups in patients with HAE and how to avoid them
2. recognize the emerging concepts behind the prodromes in hereditary angioedema
3. identify triggers and prodromes in patients with hereditary angioedema that influence disease progression

MODERATOR Assistant Professor Dr. Ankur Jindal

Postgraduate Institute of Medical Education and Research, Chandigarh, India

2:00 - 2:03 pm CEST
